**RIF. 14052 - PRICE: € 3.000.000 - MQ 205**

In the prestigious Residenza Regina in Ospedaletti, the former Grand Hotel de la Regina, built in the 19th century and once a favorite destination of the European aristocracy. As early as 1860, Doctor Kerel noted that this area of Ospedaletti enjoyed an ideal climate, clean air, a sheltered bay, and a particularly pleasant atmosphere, especially during the winter season. In 2000, during a complete restoration, expensive and high-quality materials were used: parquet, ceramics from Valencia, white Carrara marble, modern heating and air-conditioning systems, premium window frames - all of which preserved the historic charm and prestige while adding modern technologies. Today it houses a premium-level residential complex, with concierge service, an indoor heated swimming pool with hydromassage
